

MAIN PROJECT PAGE WITH TABLE

CREATE A WELL DESIGNED PAGE THAT INCLUDES A TABLE

REQUIREMENTS

DOC TYPE: xhtml strict

STYLE SHEET: must be linked

META TAGS: author, description, key words

W3C: You are required to get W3C validation

TABLE Include a table within a page
The content must be appropriate for a table (raw data etc.)
Do not use the whole page for the table
The table can stand alone or be in a div (preferably stand alone)
Float the rest of the page content around the table
The design of the table needs to work with the design of the page

TEXT CANNOT USE Lorem Ipsum for: Titles
Sub Titles
First line of each paragraph
CONTENT OF TABLE

DESIGN: Design must be consistent with first page
Use at least two columns place one dive inside another (these divs cannot have an absolute position)
Only the containing div can have an absolute position
You can use Photographs but no composite images from another source
You cannot use any drawings, maps charts etc from another source you must create your own
Do not use any gradients
Try to use only three colors maximum four
DO NOT PLACE IMAGES IN THEIR OWN DIVS they can stand alone have the content float around each image

FONTS: Consistent with first page

LINKS: Consistent with first page

COPYRIGHT: You are required to read the copyright handout and adhere to its contents.
You can use images from Getty Images but you must be login as a student. You can get the password and user name from the library.
All images from Getty Images must be documented in your Process Book. Each image must be listed separately.
